Part B for OCT '48 —

SUBJECT

Construction of Drinking Water well at Kums.

ORDER No. 3478-80/HL 153-48-2 d. 1-10-48

To

The DC Shimla —
Copy to —
CE for KSB —

SANCTIONS

8/10/48

Sinking of a drinking water well at Kumo -

From

The Deputy Commissioner
Shimoga District -

Letter No M3 C 852-1360/47-48 d 2nd Aug 48

Requests sanction of a further grant of Rs 240/- from the Town I Grants for 48 49 for working the tools and Plants charges as stated by the Executive Engr -

1 The GO dated 22 3 48 sanctioning a sum of Rs 1500/- out of the water supply grants to town and Minor Hlths during 1945-46 for the construction of a drinking water well at Kumo. to put up -*

2) It is stated that there was no technical assistance for the execution of the work, by the municipal Agency on the estimate of Rs 1500/- prepared by the President and so the Ex Engr was requested to take up the work

3) The Executive Engr has stated that tool and plant charges at 18/- working up Rs 270 for the tools and plants, have also to be made available

4) The municipal council has pleaded its inability to deposit the above amount in view

of the slender resources of the municipality, the resolution of the municipal council is not sent

5) The DC requests for a further grant of Rs 270/- out of the Town D G of 1948-49, as resolved by the MCC for meeting the technical assistance charges

Sub for orders

Ok 26/8 6) The recommendation of the DC in the last sentence of his letter is not clear. If the D&P charges are waived there is no necessity for a grant and if as recommended a grant of Rs 270/- is sanctioned for payment of these charges, there is no question of waiving the charges

Quite so - But obviously the recommendation is for grant of an additional amount of Rs 270/- 8

For 28 DEC 7) A grant of Rs 270/ may be paid to the Kayts Town MCC out of the water supply grants for 1948-49, for meeting the E & P charges for sinking drinking water wells at Kayts, as recommended by the DC

Revenue Department, Bangalore

ML 153748-1

Sir,

Adverting to G O.No.L.9769-80/M1.68-45-1 dated 22-3-46 sanctioning a sum of Rs 1500/- for sinking a drinking water well at Kumsi (a copy of which is enclosed for kind reference) I have the honour to state as follows -

An estimate for Rs 1500/- was got prepared by the President and as there was no technical assistance for the execution of the work by the Municipal Agency, the Executive Engineer was requested to take action for execution The Executive Engineer has stated that tools and plants charges at 18% works to Rs 270/- and requested for making the amount available for taking up work The Municipal Council who were asked to deposit this amount, has resolved at the meeting held on 4-8-47 that this amount be also sanctioned as grant since the financial position of the Municipality is not sound The Municipality has only 940-6-0 at the end of April 1948 under Service Head out of which it has to adjust all the contributions due in the year Hence there will not be sufficient amount available at the credit of the Municipality Besides the resources of the Municipality are poor as it is has to mainly depend on Mohatarfa and Octroi Collections. The income under octroi for 1946-47 is Rs.477/- as this is not a mercantile place and the income from Mohatarfa is the mainstay to meet the obligatory commitments. Hence under these circumstances, I request for sanction of a ~~future~~ further grant of Rs 270/- from the Town Improvement grants of 48-49 for waiving the Tools and plants charges as a special case so that the work ~~xxxx~~ could be taken up immediately to see that the grant sanctioned is utilised

I have the honour to be,
Sir,
Your most obedient servant,

S Ramanaiah

Deputy Commissioner,
Shimoga District.

Proceedings of the Government of His Highness the Maharaja of Mysore
